

Publicizing Events at First Parish in Concord

Due to the Covid-19 Pandemic, *FP Weekly* is now our only regular publication.

The Sunday News has been postponed until further notice.

Submission Guidelines:

- Submit all files in Word or .TXT; no PDFs.
- Images (.JPG or .PNG) must be attached separately from Word document. Do not paste the image you want to include into the Word document.
- Any links must not be embedded into the text. Paste links clearly in the submission. For example, do not have a button that says, “Click Here,” but instead write “Click Here: www.examplewebsite.com.”
- *FP Weekly* submissions can be submitted once and included each week until the event is over. There is no limit to how often they can run, although their position in the email may change week-by-week to help highlight other submissions.
- Include event title, day of week, month, date, time (range), and location (either the room name or Zoom).
- Include a description, along with sponsoring committee/organization (events not sponsored by a First Parish group or committee cannot be publicized).
- Include a contact person with name, email, and phone number.
- There is no word limit for *FP Weekly*, but we ask that you keep the information concise as to not overwhelm the size of the email, and to hold the attention of your readers.
- Be sure to spell check.
- If you are meeting in person, always be sure to reserve your room with Bruce Davidson, bdavidson@firstparish.org, before publicizing an event. If you make changes to your room or timeslot but have already submitted a blurb for publication, you must resubmit the blurb with updated information by the next applicable deadline. The same rules apply to Zoom meetings.
